

Soothing Hands Equine Massage School

Learn how to give your horse the gift of massage.
After all, you can only spend so much time grooming.
You enjoy hanging out with your horse... why not make it more pleasurable and productive.

- Are behavioral problems caused by pain?
- How well does your saddle fit?
- Why does your saddle keep sliding back?
- Why is your horse having trouble with its leads?
- Are your horse's muscles as loose as you think?
- Why does your horse fidget in the cross ties?

All of these questions and **more** will be answered... plus you will learn how to
fix these problems through massage.
